## About Us

Ildireta Culture and Heritage Foundation is a community-based organization dedicated to preserving indigenous culture, empowering women, and promoting traditional arts. We aim to protect and celebrate our cultural identity while addressing key social issues affecting our communities.

## Mission

To safeguard traditional practices, uplift women through socio-economic empowerment, and advocate against harmful cultural practices through education and awareness.

## Vision

To be a beacon of cultural preservation and social empowerment for indigenous communities.

## Our Services

### Cultural & Traditional Dances

We organize, perform, and teach indigenous dances to preserve and showcase the rich heritage of our people. Our dance programs promote cultural pride and intergenerational knowledge transfer.

### FGM Awareness Campaigns

We create awareness on the dangers and consequences of Female Genital Mutilation (FGM) through community dialogue, youth engagement, and collaboration with local leaders to advocate for change and safe cultural alternatives.

### Indigenous Women Socio-Economic Empowerment

We support women through skill-building initiatives, financial literacy, and income-generating projects such as beadwork and leatherwork, enabling them to become economically independent.

### Promotion of Arts, Beads & Leather Work

We empower artisans by promoting traditional crafts. Our programs nurture talent, preserve indigenous techniques, and open market opportunities for local beadwork and leather products.
